

Jane's Watch

February 2017

Dear Residents

Very good news! PC Reid is extremely pleased to report that we have had no reported crime in the parishes of this magazine between January 12th and February 12th 2017.

As there are no information / witness appeals to make regarding crime, PC Reid would like to remind Residents that in March 2016 we suffered from several non dwelling burglaries all across the Hill & Dale area. Realistically it may well be the case that the criminals will return again this year to steal the replacement items they took last year. It is really important that Residents record serial numbers and take photographs as well as protect their sheds and outbuildings from such criminals. Please consider a 'shed alarm', which can be battery or electrically operated, they really can help.

As you will have noticed and are no doubt as concerned as we are with the ever-increasing amount of fly-tipped rubbish that appears to be in our area. Can we please ask Residents to promptly report any sightings of anyone doing this. On Kennel Farm Lane overnight of February 7th/8th some fly-tipped rubbish appeared. PC Reid is pleased to report that an address and other papers were found and a full file with statements was submitted to the Borough Council to chase up, interview and hopefully report for summons to court.

Please see below a link to the Rural Times issued by Hampshire Constabulary. This edition features information about the Police and Crime Commissioner's Rural Communities Matter conferences this month and a report by Historic England with a strong focus on heritage crime. You can read about the Country Watch team and tips on preventing thefts from outbuildings, in addition to its regular features.

If there are any rural issues you'd like to see covered in future editions, please let us know so we can forward the information

Many thanks as always for your support, help and vigilance.
